

2017 China Aerothermal Energy Conference
China Heat Pump Alliance Annual Conference
6th Asian Air-source Heat Pump Forum

2017

Invitation Letter

Date: 3th ,4th August, 2017

Place: Worldhotel Grand Dushulake Suzhou, Suzhou

China Heat Pump Alliance(CHPA) had already been developing more than 200 members since established, which become representative of China heat pump industry. Heat pump industry have achieved a high-speed development in China with all members ' hard work. Since CHPA inception, China Energy Conservation Association associate with International Copper Alliance and other organizations work together and achieved a good results & social reputation, which obtained understanding & support from decision makes toward heat pump industry, at the same gain the recognition from member companies that bring more members.

Time & Place

Date: 3th ,4th August, 2017(Date of Registration: 2th August)

Place: Worldhotel Grand Dushulake Suzhou, Suzhou

Address: 299 Qiyue Street, Suzhou Industrial Park, Jiangsu
215123, China

Agenda (more details in July)

- Registration & Alliance Council & Welcome Banquet (2th, August)
- Full-day Meeting & Appreciation Dinner (3th, August)
- Meeting & Communication & Business Tour & Departure (4th, August)

Conference Highlights

- 1.The announce and interpretation of the important industry policy
- 2.Leadership transition of CHPA Alliance Council
- 3.Awards Ceremony of China Air -Source Heat Pump in 2017
- 4.Award Ceremony for heating system design magagame of China air-source heat pump in 2017
- 5.Communication between international market & policy information
- 6.High-level technology communication

As the most important activity in China heat pump industry, China Heat Pump Alliance Annual Conference is aimed to improve the industry development, provide members with information, consulting and communication platform. At the same time, our annual meeting will be held in co-operation with "Asian Air-Source Heat Pump Development Forum". In order to share more international & Asian technology and market information, improve development of heat pump industry. We do hope to have more attendance from our member companies, organizations and individuals.

Delegates from

heat pump manufacturer, equipment suppliers, parts and components suppliers, product agent, research & inspection institutes, colleges & universities, industry associations, institution of architectural design and construction, energy-saving service contractor, HVAC engineers & professionals

Conference Framework

Supervisor: Department of Resource Conservation and Environmental Protection of National Development and Reform Commission
National Energy Conservation Center

Organizer: China Energy Conservation Association
International Copper Alliance

Host Party: China Heat Pump Alliance(CHPA)
Heat Pump Committee of China Energy Conservation Association

Supporter: China Academy of Building Research
Chinese Renewable Energy Society
China Association of Rural Energy Industry
China Construction Metal Structure Association
China National Institute of Standardization

Honorary Chairman: Yi Jiang, Chairman of China Energy Conservation Association Academician of Chinese Academy of Engineer

Chairman: Qing Fang, Chairman of China Heat Pump Alliance(CHPA)

Vice-Chairman: Zhongkui Song, Secretary-general of China Heat Pump Alliance(CHPA)

Conference organizing committee: The secretariat of China Heat Pump Alliance(CHPA)
